

Dear parents and guardians,

The Municipal Education and Integration Center (Kommunales Bildungs- und Integrationszentrum - KoBIZ) offers an "**International Parents' Group: No Graduation Without Connection**" (Internationale Elterngruppe: Kein Abschluss ohne Anschluss). The parents' group is aimed at parents whose children are in the 8th, 9th or 10th grade of a Gesamtschule, Hauptschule, Realschule or Förderschule in the district of Euskirchen. In the parents' group, parents with different languages meet who would like to know how they can **support their children on their way from school to work**. The meetings take place once a month. In the meetings parents get **information**, get to know **important contact persons** and can **exchange ideas**.

Do you find the offer of the International Parents' Group interesting? Then we would be pleased if you would take **5 minutes** of your time and answer **5 questions**. This way we can take **your interests and wishes** into account.

1. What school does your child/children go to?
